Medical Ethics: A Very Short Introduction (Paperback)

By Michael Dunn, Tony Hope

Oxford University Press, United Kingdom, 2019. Paperback. Condition: New. 2nd Revised edition. Language: English. Brand new Book. The issue of medical ethics, from thorny moral questions such as euthanasia and the morality of killing to political questions such as the fair distribution of health care resources, is rarely out of today's media. This area of ethics covers a wide range of issues, from mental health to reproductive medicine, as well as including management issues such as resource allocation, and has proven to hold enduring interest for the general public as well as the medical practitioner. This Very Short Introduction provides an invaluable tool with which to think about the ethical values that lie at the heart of medicine. This new edition explores the ethical reasoning we can use to approach medical ethics, introducing the most important 'tools' of ethical reasoning, and discussing how argument, thought experiments, and intuition can be combined in the consideration of medical ethics. Considering its practical application, Tony Hope and Michael Dunn explore how medical ethics supports health professionals through the growing use of ethics expertise in clinical settings. They also contemplate the increasingly important place of medical ethics in the wider social context, particularly in this age...

Reviews

This ebook is definitely not simple to begin on reading but really enjoyable to read through. This really is for all who state that there had not been a worth reading. You may like how the author publish this ebook.
